Prez Sez

It's election time! Coming soon to your local mailbox and included at no extra cost with an upcoming issue of PORSCHE PANORAMA will be your very own copy of the national election ballot. Can you stand the wait?? Seriously, you will soon receive your ballot with PANO. What you do with it is your own business, but I would like to give you two suggestions.

First, mark your choices and mail it back. In the last PCA national election, less than 10 percent of the membership voted. I hope that more than 10 percent of the GGR members were interested enough in PCA to have voted in that election. If 100 percent of GGR votes this year, that will be almost one-half of the votes cast if the usual 10 percent of the rest of the club votes. That will give us a very powerful block of votes. And that brings me to the second suggestion I have.

Who should you vote for? It is the policy of the Board of Directors of Golden Gate Region that we support and elect the following slate of candidates:

For President
Mick Williams

For Vice-President
Chuck Stoddard

For Secretary
Jim Perrin

For Treasurer
Hank Malter

The Board feels this slate of officers will give PCA the best leadership available. These men all have great enthusiasm for PCA and will put the needs of PCA ahead of any self-gaining goals.

Now, when your ballot arrives, please take the time to mark it and mail it back, and remember the slate of candidates we have recommended.

Editor Speaks

You should have all received a letter in the mail about the nomination of Zone 7 Representative. I do not want to influence your nomination for this position, but I do want to point out that we all have the responsibility to elect a qualified person. If it is your wish also to nominate this person please fill out the forms and mail this today so that John Clever knows your nomination for Zone 7 Representative.

It is also nearing the end of the calendar year and you have probably noticed that the Nugget gets later each month. Well, you are absolutely correct! Why? Well it seems that the articles are a little later each month. I do not wish to hold this up for your misinterpretation, but I do wish to say that I am doing everything possible to speed up the production of the Nugget. Unfortunately this month do to extreme illness to my 6 month old infant, it was my fault. Next month early. By the way, the infant is fine now. They seem to get better while we are still trying to recope from sleepless nights.

Veep's Peep's

OR GOSSIP FROM THE GREAT PUMPKIN.
It's that time of the year again!! What time is that?? Fall, Elections, Rejections, Racing (Auto), Season ends etc etc and more.
Veep's Predictions --
Jody Scheckter to be World Champion by 1 point. Milt Minter to take IMSA Crown. GGR will have a growing Board elected for '75 and the shadow fades into the past. Great Cover Again!! Thanks to Bill Newlin. The ZF Box was a fun event, (always a bit of confusion) - How about John Tidd Matching Tom Green's top time of day (in Tom's car - fun run) WOW. Joe Reitmeir might have done it with another run! The Halloween Party is going to be a real cokker - Don't Miss It. We may have a mystery guest in costume so BEWARE. Rally round the Moon is a must. Stay sober in October. If you can. If not, have one for the Baron Von C. That Patton Place is far out again. Your VP is still Hungry.

OPEN LETTER OF THANKS...

As most of you know, Steve Kirby had an accident with Super Tuf on turn #8 on Saturday, September 7th at Sears Point. After a trying two days in and out of emergency rooms, ambulances and surgery, we finally got him settled at El Camino Hospital. He broke both ankles, both wrists, his nose and some facial bones. He may be in casts and a wheel chair for two months, unfortunately the car cannot be repaired.

The SCCA officials, track personnel and emergency crews were fantastic. Everyone that knew about the accident, PCA members, friends, miscellaneous races and pit crews came to our rescue with manpower, legal aid and compassion.

I want to thank everyone that has called, sent cards, flowers, books or stopped by the hospital. Your concern is heart-warming and has really restored our faith in people.

ACHTUNG! WE'RE INVADED! THE SOUTH IS RISING? THEY'RE COMING TO DRINK ALL OUR WINE?
Our spy in the South informs us that Orange Coast Region, maybe Los Angeles, Riverside and San Diego Regions too, are planning to Wine Tour in "Our Country". Is their's all smog bitten? Seriously, they're going to drive up here en mass on November 2nd, using as their HQ the Los Gatos Lodge. They'll refurbish and re-vittle at the Lodge that evening. Starting with a HOSTED COCKTAIL HOUR from 7 to 8 pm followed by a pre-invasion dinner. The attack is taking place on Sunday morning at 9:30 from the Lodge. At this time we do not know which winery they plan to attack first, or how many they expect to raze, but it is our solemn duty to protect our vineyards. We call on all you Golden Gaters to help us persevere in this hour of pestilence. Uphold the North by coming out and infiltrating their ranks on Saturday Nite at the Cocktail hour, and dinner. Find out where they plan to invade. Get them while they're under the influencin of our smog free (sic) air. Then if you're ready, we'll infiltrate their ranks on Sunday and corner the wine market before they do. Since this is an unmitigated attack, and as we do not have sufficient funds in the treasury to subsidize you protectors of the grape, we ask that you accompany your bod with mon. RSVP by check no later than October 28th to Paul Scott, 1558 St. Frances Drive, San Jose Cal. 95125. Phone 264-5589. State on check, your choice of entre. Either Baked Half Chicken or Sauer braten. The amount of your donation for the Hosted Cocktail Hour and dinner is $7.75 per person. If you can be on hand to infiltrate their forces on Sunday, send a total of $10.00 per person. This will provide additional funds to feed you a fantastic VICTORY lunch on Sunday. If you can not make it to the "SPY-IN" on Saturday nite, but can help us repel dese invaders de grapa at their own game on Sunday, send your check for $2.50 per person and meet us at the Los Gatos Lodge, 50 Saratoga Ave., Los Gatos, at 9:30 sharp, Sunday the 3rd of November.
We Reiterate: Hosted Cocktail Hour 7 to 8 Nov 2nd.
Dinner at 8 pm. $7.75 per person.
Wine Repelation: 9:30 am Nov 3rd $2.50 per person.
Both events: $10.00 per person.

How about Golden Gate turning out to give Orange Coast, Los Angeles, Riverside, and San Diego Region members on this "invasion" of OUR territory, a warm welcome and show them the Golden Gate Porsche Camerade. It only takes you, and you, and you. Let us know you'll be there.

Did You Miss This?

Sharon Neidel's outing to San Jose Speedway was attended by something less than 50 members of PCA. Some came to shoot the breeze, some to watch the racing and most to drink beer and partake of the epicurean delights offered by the many snack stands. Absolutely the best chow since June Simpkins.

I won't try to explain the rules of Hardtop racing, if you have questions, consult with Shirley Neidel, the resident expert. She can lay all the details on you about inverted starting grids, restart procedure and all that "in" stuff. All I can say is that you must have a good sized set of you know what to wheel one of those Hi-winged, Fire Breathin' Muthas around 1/3 mile of track at 87 M.P.H.. The cars are set up with 3 different tire sizes to make them go like stink thru left turns. Guess what a handful that is when corrective action takes you out of the groove. All the kids applauded the results of the former with great enthusiasm. Frequent bashes into the wall, other cars and such brought on the yellow light, tow trucks ambulances & fire trucks galore. Millions of dudes in white Levis are a must in the pits. If you didn't know the show "grease" was rock & roll 1950's production, it could be the pit scene at the hardtops. SCCA guys would go insane at San Jose Speedway. Flagrant violations of the yellow flag, excessive speed after an accident, refusing to get properly gridded for a restart etc. are common occurrences. If we could blend super modified rules with IMSA it would be a real gas.

John Clever was absent from this event. Seems he refuses to drink "oly", the brew served at the track. Ed Kreppel has a connection with the catering and encouraged two fingered guzzling by treating us to a round of suds. Coors must get involved in racing to pick up some of the business, Clever can't subsidize them by himself.

As the sun sinks slowly in the west, George Neidel grinds his contact lenses in tire dust and PCA says farewell to the hardtops until next year. Thank you Sharon for a fun evening. For all of you who missed it plan to attend in 1975. If you don't care for the racing, the food is worth the trip -- like 40 roach coaches parked end to end.

Contested classes in the series. On Nancy Wells' last run Nancy turned a beauty of a time, and it looked like it might hold up for first, since it was a half-second ahead of Sonja Blow, and a second ahead of Sharon Tretham. Not many people are able to pick up that much time their fourth run. Not many ..., but they both pulled out all the stops for some real honking driving to get ahead of Nancy. It didn't look like Sonja would do it at all. Her first timed lap was far short of the mark, but she really put it all together on that last lap. So they ended up Sonja first, Sharon second, and Nancy third; all separated by only 4-tenths of a second.

Pat Walden and Carol Grant battled it out all day in the altered 4-cylinder class. They kept within a second of each other on each run, but Pat really got her act in gear on that last run of the day and ended up taking the class with a beautifully fast time.

Diane Grimesman needed only one run to sew up the altered 911 class. Terry Rosatelli had two fine runs in the afternoon, picking up a whopping five seconds, to out distance everyone else for second place.

Marj Green wheeled the silver ugly (wait 'til next year!) to a comfortable win over Gloria Zulkowski and Sharon Evans and very pretty fifth overall.

Bob Courand moved into the modified ranks. Another 4-cylinder to join battle against those SOHC 6-cylinder Johnnie-come-latelies. Been two years since we've had a 912 in modified, and Bob showed that the car can do it, as he beat super-zoomies Norm Nielson and Troy Powell. Gary Evans had TTOD after the first go through of the grid, and Bob put in his best run of the day to have TTOD on the second time through.

The 4:00 4:30 play time was a great half-hour, as we played racer in each others car for a $1.00 a run. This innovation by the Drivers Events Committee has been a happy success, making these events even more fun. Thank you Ron Ferrein and Ray Zazzetti for a great time -- great course, great organization, great day.

P.S. Some of the people mentioned in this article don't appear on the results sheet because they forgot to turn in their timing slips at the end of the day.

Culture

I have a friend, besides anything else
I have that
With my friend I share joy and sorrow
peace and unrest
What do I do for him, what does he do for me.
We are for each other, which is the most
either of us could do.
Such a friendship is the foundation, firmly established.
The foundation will not be destroyed,
it will stand forever.
More could be built upon this foundation,
and it would be beautiful.
Yet it could remain as it is, and still be beautiful
For each other we care, for each others lives
we are concerned
Strength is in each of us, it must be directed.
Time can only do so much,
The individual masters the rest.
My friend gives, and receives
Besides anything else we may be, we are friends

I love my friend.

National has announced that the price of a PCA car badge is $8.00. Effective immediately the Region is $8.00. Sorry we were unable to allow the appropriate grace period for this increase. A limited number of GGR badges are available at $6.33. Effective 10-15-74 the remaining badges will be $8.00. At this time we are obtaining quotes for new GGR badges. Cost unknown but a minimum of $8.00. Don't gamble. Get your Region badge now.
