PRESIDENT FLEMING PREDICTS GREAT YEAR FOR 1975!!

Hi Gang! It's going to be a great year!! We have just completed a week of the best attended committee meetings I've ever seen. There are some FANTASTIC events planned. Dinner meetings are going to have a variety of themes -- a picnic, beach party and pizza feast to mention a few. We are going to be encouraging more local get togethers, so that members in the various bay area locations (east bay, south bay, etc) can meet their neighbors.

On behalf of the 1974 Board, I would like to thank Nancy McCarthy for her efforts as Nugget Editor last year. This is, at best, a thankless job and a person who can stick it out a whole year deserves a lot of credit. The newsletter can make or break a club and it requires a person who can expend super human effort to get the job done.

It gives me a great amount of pleasure to announce that Sonja Blow will be our new editor for 1975. Sonja brings several years experience in editing similar newsletters to the job. She has the Board's total support and I am confident that you, the membership, will give her your help.

The following appointed positions have been filled by these highly qualified people:

(1) Club Historian: Marcy Scott (Women's Committee)
(2) NCSCC Rep: Fred Carrera
(3) Zone 7 Autocross Rep: Ray Blow
(4) Panorama Rep: Linda Foster

On January 4, Dwight Mitchell and I attended the Zone 7 Presidents' Meeting. The tone of the meeting was one of enthusiasm and cooperation. We spent about seven hours of intensive discussion on various subjects related to Zone events for 1975. The autocross series was a recognized success in 1974. The 1975 series will employ improved rules and more well defined guidelines on event organization and course design.

There will be a Zone 7 Rally competition, where each Region will designate one of their own events as a zone rally and publicize it throughout the Zone. John Reed of Loma Prieta Region is now an Associate Editor of Panorama. He assured us that the West Coast would be well represented in the national publication in 1975. His staff will be composed of Pano Reps from each Region in the Zone.

I would like to remind all of you that we have a National Parade on the West Coast this year, in Seattle. This week from July 27 thru August 3 is the ultimate in fun and competition for the Porsche enthusiast. I will predict that by the end of February it will be too late to make reservations -- so fill out the form in your Pano and send it in NOW!

Mark your calendars and plan your year with PCA.

Board Meeting - 1/3/75
Dwight Mitchell, Secretary

(1) Christmas Party may be held on Friday (instead of Saturday) night, December 19, at the World Trade Center, as our unanimous choice for best spot isn't open on weekends. Sue Atlee will pursue.

(2) New members were approved -- see listing elsewhere in Nugget.

(3) NCSCC - A new Autocross Rep to the Council is urgently needed. Sam Linville will handle temporarily, but intensive search is needed.

(4) Appointment of new Nugget Editor was made -- Sonja Blow was elected.

(5) Alan Brooking was appointed Goodie Bag Manager.

(6) A Committee was approved to review and update GGR Bylaws: Len Peterson, Chairman; Jim Fleming and Dwight Mitchell.

(7) Emphasis was placed on holding regular new members meetings in 1975.

(8) A call was made for people interested in being the GGR reporter to Panorama.

(9) Zone 7 autocross results for 1974 were presented. Marj Green to notify winners of Awards Dinner to be held February 8th.

(10) Contingent approval given to Loma Prieta to use our Autocross equipment for their Zone 7 auto-cross on March 2nd.

(11) A Historian is needed.

(12) Dumpkofl award to be passed on monthly.
Walden reveals secret of Porsche/Audi union

It is not every day that I win an award so desired and revered as the Big "D", nor is it every day (or any day for that matter) that I win any award. The simple truth is that out of true friendship to the editor of the Nugget, I will belittle myself and tell: "HOW I RAN INTO MY OWN CAR"

One rainy morning after a long trip home the night before, my wife, Pat, asked to take the Porsche to work. My first thought was to make her walk in the rain, but being the good natured person that I am, I decided to give her a good, well meaning lecture on how she should be very careful of other people on these rainy days because they tend not to be as careful as we might and throw a door open and bang our car. This lecture she accepted with the same disgust that she usually does, but did not, of course, talk back to her master.

As I was leaving for work, I remembered that because it was so dirty and rainy the night before, I had left the Porsche out of the garage. I proceeded to examine how much dirt had accumulated and made a mental note to come home early and wash it that night.

Now some of you who know me realize that sometimes I am not quite as awake early in the morning or late at night as I should be. Well, after examining the dirty car and making my mental note, I neatly and without malice backed my NEW AUDI into my NEW PORSCHE.

Now I want you all to know that this is the first mistake that I have ever made and believe you me, I shall never live it down.

Thank you Bob Zulkowski, wherever you are.

January Concur Session Draws A Crowd

There are a lot of Golden Gaters interested in super-clean Porsches. Over 50 members gathered in the spiffy-clean Alex's Porsche House to hear six experts talk about concouring Porsches. Each of the speakers covered a separate subject.

Gene Babow, Concur Chairman of the Monterey and upcoming Seattle Parades, covered scoring and judging concour events. He stressed the importance of authenticity. He told us we are driving modern classics and, as such, deserve all the care we can give them.

Bob Boyd, winner of the Manhattan Award (Best of Show) at the 1973 Parade, spoke on how to find a restorable Porsche. He covered everything from the rare 1949 Gmund coupe to the more common later production models.

Harv and Linda Smith covered the nitty gritty of detailing the Porsche. They should know; their 356 SC won Best of Show at the Pocono Parade.

Dwight Mitchell covered engine preparation. He concoured a Porsche in years past, and is, of course, a proven engine builder.

Alan Brooking spoke on the maintenance of a street-clean Porsche. And if you have seen his 912 Targa, you know why he is considered an expert.

The last tech session of Dwight Mitchell's term as Tech Chairman was highly informative. Many thanks to Harv and Linda Smith for gathering the very cream of PCA concour experts for a superb tech session. For those of us who never hope to concour a Porsche, our appreciation for a concour car has been heightened.

TECHNICAL COMMITTEE MEETING
February 13 - 7:00 PM

This is the year of new learning experiences and as some of you know, I am still learning about cars. I need your help. Those of you who are experts on Porsches and those who are like me and wish to know more, come to my house on February 13, so we can make plans for an informative technical year. This year I wish to use the talent that we have in our local region to put on events that will be of interest to all.

-Dave Walden 348-0304

DRIVERS MEETING - February 6th - 7:30 PM
Hosted by - The Trethans - (415) 846-7717

This meeting will be used to vote on any new changes to the 1975 GGR Autocross Code. The changes will be those the National PCR has made to their 1974 Code. If the Drivers Committee decides these changes are necessary for our Code's existence, then the changes will be made. The changes will become effective immediately and will be incorporated into the first GGR event on February 15th.

#### TROPHIES TO BE PRESENTED AT FEBRUARY DINNER MEETING
**SPIELTAG !?**

**EVENT:** Pizza Smorgy & Games  
**DATE:** Sunday, February 9  
**TIME:** 1 pm to 4 pm  
**PLACE:** Pizza Hut  
1105 Saratoga Avenue  
San Jose 253-2560

**SCOOP:** What to do on this February Sunday? -- no football games to watch -- no rallies to get lost on -- no autocrosses to run - ATTEND THE SPIELTAG.

We have a special setup arranged at the Pizza Hut whereby GGR can take over the entire Hut from 1-4 pm and consume all the pizza, salad and coke we can for a mere $3.00 per person* ($2.50 + .15 tax + .35 prize fund); beer is extra. Because of room capacity, we must limit the number of participants to 50; so unless you're among the first 50 making reservations with us, you'll miss out.

Besides the obvious eating and drinking, we've planned a full schedule of low-key competition: Miniature 912 Autocross - PONG tournament - Slot car races. Be sure to call us and get your reservations in early for a unique SPIELTAG.

*Children are welcome; however, because of the limited capacity we must charge $3.00 per person regardless of age.

**Directions:** Take Saratoga Ave., south exit off Fwy. 280 in San Jose. Proceed south on Saratoga Avenue across Moorpark Avenue and across Williams Road. Once you've crossed Williams Rd., start watching for the Pizza Hut on your right. If you get to Doyle Rd., you've gone too far -- turn around and try again!!

**COUNTRY ROADS**

**EVENT:** Pinnacles Tour  
**DATE:** Sunday, February 23  
**TIME:** 8:00 am

The tour will start from the San Jose Hyatt House Coffee Shop parking lot at 8 AM sharp - rain or shine! We will tour south thru Santa Clara Valley and after a pit stop in Hollister, onward over the winding country roads to the Pinnacles.

Bring your picnic lunch and whatever suits your drinking pleasure. Don't forget to bring a flashlight for use in the caves and a pair of walking shoes so you can explore some of the fine trails.

Call us if you plan to attend, so we will have an idea of how many tour groups to plan for. Remember the date, Sunday morning, February 23rd. The Hyatt House is located at Highway 101 and North First Street in San Jose. Let's hope for a nice day and a good show of Porsches.

Call (408) 225-8103 for reservations or further info.

Golden Gaters dominate '74 Zone Auto-X series

1975 is the Year of the Rabbit and the second year of a great PCA Autocross Series. Zone 7—all of the PCA Regions from Carmel to the Oregon Border, from Bolinas Bay to Reno, Nevada—is about to begin its second round of autocross contests. Each Region will take a turn organizing and running an event on its home turf. Contestants can run one event or travel the whole circuit and run all eight events, trying for the overall championship.

In 1974, 108 Golden Gaters decided to give the Zone 7 series a try. There were 76 men and 32 women. Some came to only a few events. Others made weekend tours out of the away-tests and tried out casinos, Sonoma County's wineries, and many Motel 6s' poker facilities. (Oh, you mean that's not what the tables in the rooms are for?) Out of the 22 classes, GGR will take home 13 first place trophies, 8 second places, 4 thirds, 2 fourths, 2 fifths, 1 sixth, and 1 seventh.

We met some wonderful people from the other Regions, found out that what others define as an autocross isn't always what we would like it to be. (Tho' sometimes it was exactly what we wanted!!) We poked around lots of new cars trying to discover their owner's secrets. Although the first Zone Autocross of '75 won't be held until March, there soon will be a chance to get together with the rest of Zone 7 at the 1st Annual Zone 7 Awards Banquet on February 8th. Hope to see you there.

TECH CHAIRMAN DAVE WALDEN
SCHEDULES SUSPENSION SESSION

SUSPENSION: WHAT IT IS AND HOW IT WORKS --
ON THE STREET & IN COMPETITION

Most of us who are not mechanics, or selling auto parts, have no real idea what suspension is and/or how it specifically works. The TECH SESSION that I am putting together will have two main parts so that any individual can choose what he wants to be part of --

1) Chuck Forge will talk about what makes a car's suspension move and why it does certain things under certain circumstances.

2) A rap session with competitors in autocrossing and road racing who will share ideas with you about your particular model of Porsche.

So often, the new Porsche owner does not know what he can do to make his car competitive and is often afraid to ask. Frequently, the competitive driver is so wrapped up in his particular motor sport event that he has no time to answer questions on tire pressures, shocks, sway bars, etc. This rap session will allow the new and old to talk shop in the proper environment. I have found that the most competitive drivers are probably the most free with information because they realize that the driver is what makes the difference between two equally competitive cars.

Put this special event on your calendar for February 8th from 9:00 AM on ... Event location to be announced when reservations are made.

GGR Auto-X Series Opener

This event will be the first in a series of six events for 1975. At the present time, all six events are scheduled on Saturdays and will be at Pleasanton. A majority of them are the day before an NCSCC Championship event at Pleasanton. This will allow members to prepare their car (change tires) and have two events on the same weekend.

For those of you who like to camp out, my yard is available. No bonfires are allowed on the lawn, but there will be a security dog at all times -- Cindy.

First car out at 9:00 A.M.

GGR to host NCSCC Championship Auto-X

EVENT: GEGE DIE UHR XIII - A Northern California Sports Car Council Championship Autocross

WHEN: March 22, 1975 (Saturday)

WHERE: Alameda County Fairgrounds - Pleasanton

TIME: 9:00 to 5:00

This will be the premier event for Golden Gaters, insofar as our membership in the Northern California Sports Car Council. The Gegen Die Uhr autocross series is the only event sponsored by GGR that is open to all other sports car clubs. It is our annual opportunity to show that PORSCHE is "UBER ALLES".

Workers are needed to make this event better than it already has been. Please call one of the following (between 7 - 9 pm) for work assignment. Call them first and get a job you prefer, before one of them calls you!

Going Road Racing

Porsche People planning to run the road race circuit this year include STEVE GRANT in a Formula V, and SAM LINVILLE in a 914/4. Both STEVE and SAM are experienced autocrossers, and new to road racing. JON MILLEDGE will be roaring through the straights and flying through the esses in his Formula B. STEVE KIRBY hopes to be back, competing in a 356 and JIM GAETA has acquired an early model 911 to run in D-Production. FRED MAEDER will take his 914/6 through the turns for the second year, running in C-Production.

Sports Car Club of America, SF Region, is conducting an 8-event autocross series in 1975. None of the scheduled dates will conflict with SCCA, IMSA road races, or the NCSSCC Championship series. First event is Sunday, February 9 at Pleasanton. Call EDITOR'S ACTION LINE (408) 738-1494 for further information.

BUTS & NOLTS

Heading south on February 1 to attend the SCCA Cal Club Solo One School at Riverside - RON & SHARON TRETHTAN and DENNIS & DIANE GRIMSMAN. MARGE LINVILLE, RAE MAEDER and BOB ZULKOWSKI are among those who will attend the SF Region SCCA Driver's School to get their SCCA Solo licenses.

TOM & LINDA FOSTER: Porsche is a two syllable word!!

For the NEWCOMERS ---- The clever logo of GGR was the winning entry in a badge contest in 1971, designed by FRANK NOGORA.

New member, AL BERENS, has taken on the big job of compiling the 1975 Membership Directory. Al needs the names of businesses which cater to Porsches in any conceivable form, to be contacted as advertisers in the Directory. Also needed are the names and addresses of club members who own rare or unusual Porsches -- to be photographed for inclusion in the Directory. Your help is greatly needed and appreciated. Send to: Al Berens, 803 Corvus Lane, Foster City 94404 or call Al at 675-4189.

TOM SCOTT is rally master for a rally scheduled for a warm August day -- he says it will be a "Strip" rally. Overheard, that JOHN LEE may title his December 7th rally, "Get Bombed on a Pearl Schwartz Rally"....

The Women's Committee is busy making colorful identification vests for the various crew committee chairmen to wear at GEHEN DIE UHR.

The sugar cookie cutouts used at the Christmas party to reserve individual table reservations were the clever idea of MICHAEL FERRIERA. Very original!!

German word of the month: LIEBESGESCHICHTE (LEE-bers-ger-SHIKH-ter) love-story -- as in Porsche

For your information -- In Connecticut, it is a felony to exhibit a vasectomy scar while daywalking with a nun.

AL BROOKING is the new GOODIE BAG MANAGER, and he will be carrying his bag of goodies with him everywhere he goes. Call him at (408) 269-1914 if you are in need of a name tag, car badge, jacket patch or whatever.
